EXPERIENCE

Researcher on EU Horizon project MAMMOth
Research Institute CODE

📅 June 2023 – Ongoing   📍 Munich, Germany

- Leading efforts to develop fair models by gradient conflict resolution in Multi-task Learning.
- Supervising efforts to develop robust ML models against adversarial attacks and reconstruction attacks.
- Contributing to a team efforts focused on bias identification and mitigation during Multi-modal fusion.

Researcher on Volkswagen Foundation Project BIAS
L3S Research Center

📅 Sept 2019 – May 2023   📍 Hannover, Germany

- Interdisciplinary research, spearheaded the study of ethical algorithm that juxtaposes fair-ML with anti-discrimination laws.
- Addressed technical challenges in fairness-aware learning, focusing on Multiple protected attributes and class-imbalance.
- Introduced student-teacher learning framework for fair-MTL, where an RL agent (teacher) decides optimization objective for a MTL (student) at each training step.

Visiting Researcher
Information Technologies Institute-CERTH

📅 Sept 2022 – Nov 2022   📍 Thessaloniki, Greece

- Worked on the topic of 'Grouping MTLs' using parameter similarity between tasks.

Research Intern
L3S Research Center

📅 Sept 2018 – March 2019   📍 Hannover, Germany

- Under prestigious DAAD scholarship, as part of my Master's (MTech) thesis work, developed a pipeline based solution for 'Stance detection' in news headlines.
- The research played a pivotal role in shaping up my master's thesis, aimed at automated 'Fake news detection', where stances of related articles where used to examine veracity of a given news.

STRENGTHS

Hard-working   Mentally & Physically strong
Creative & Innovator   Leader   Good Communicator

LIFE PHILOSOPHY

"Creativity is intelligence having fun!" - Albert Einstein

EDUCATION

Ph.D. in Computer Science
Freie Universität Berlin

📅 Nov 2021 - Ongoing   📍 Berlin, Germany

M.Tech. in Math. & Computing
IIT Patna, 9.16/10 CPI (Summa cum laude)

📅 Aug 2017 - July 2019   📍 Patna, India

MS. in Computer Application
IGNOU, 62.14/100 % (Magna cum laude)

📅 Oct 2013 - Dec 2016   📍 Kolkata, India

MOST PROUD OF

🏆 **Awards I received**
i) DAAD scholarship for Master's thesis, ii) Graduate Aptitude Test in Engineering (GATE) top 3% rank in India

---

💗 **Persistence & Loyalty**
I relocated to three different cities to work closely with my Ph.D. supervisor.

📈 **Leadership ability**
served as the post graduate representative at IITP, and as Vice President of Indian diaspora, Hannover.

REFEREES

Prof. Eirini Ntoutsi
@ Universität der Bundeswehr München
✉ eirini.ntoutsi@unibw.de
🌐 aiml-research.github.io

Working under her supervision for my Ph.D. on the topic Multi-criteria of fairness-aware Machine Learning

----

Prof. Asif Ekbal
@ IIT Jodhpur
✉ asif@iitj.ac.in
🌐 ekbalasif.github.io

Worked under his guidance for my M.Tech. thesis on the topic Fake-news Detection.
